

homeshow

These are THE PROJECTS we do together will project 100 photographs around Melbourne's inner-city.

The photographs are from the collection of Melbourne-based artist **Hannah Courtin-Wilson** and have been sourced from real estate websites.

These interior images document many aspects of domestic life and have been matched carefully to a relevant location in the city.

The projections will take place in 20 locations each night over five nights of MAA. Each projection will be documented photographically by **Raphael Kilpatrick** and exhibited at Federation Square during MAA.

HOMESHOW is a collaborative project brought to you by These are The Projects we do together. For more information or to find out where we will be projecting follow us on twitter [@MAAhomeshow](https://twitter.com/MAAhomeshow) or email us homeshow@theprojects.com.au
